One cold rainy day I fell from the sky with my ~~other~~ brothers and sisters. It was so fun that I started to glisten in the sky. When I finally got to the bottom I fell on an umbrella and I slid down it, and it was kinda fun to. When I fell on the ground I slithered across the cold damp sidewalk. ~~Then~~ I got to the corner. I went and jumped onto a biker and took a ride, ~~and~~ the biker just kept on riding till he finally stopped, and when he stopped I jumped off and slithered across the grass until I seen a tiny spider having lunch. I said hey how are you today. And the spider responded in a creepy voice hello I went to have dinner with me, and I said no thanks I only drink water cause you know what I am water so the spider started laughing very hard and I was like man IT'S not that funny, but he said ooh yes it really is. So we stopped laughing and the spider started having ~~having~~ his dinner eating crunchy bugs. When he was finally finished, he said boy would I sure would like some water right now and he started licking his lips with a tasty delicious smile, and I said what who me, he said yes you come here and ~~me~~ in my mouth, I said no thank you and I started to take off running till he started running and I slithered just about every where until he finally gave up

And he said one day I will get you. So I jumped back up to the clouds and decided to take a nap until I fall and when that day came, I had to go to the market to get a bag of water. When I got there I got what I needed and left out the door, when I left there he was standing right there in front of the market waiting for me. When I was about to slither away he said where do you think your going with them eight crawlly legs and his funny looking smile. So I left my spot and just ignored him till he was in front of my face, and I said why don't you pick on somebody your own size, but he said like you! And I said there's a whole bag of water in that store, but he said rain is better than an old bag of water. So I ran as fast as I could go and said you will never catch me until my mom and dad fell from the sky and said what your already down here, and he said yep. They said who is your friend here I mumbled to myself saying he is not my friend, and they repeated who is your friend in an angry voice and I said I don't know but you don't want to meet him he is a terrible friend. Just as soon as they were on fire about to get on me the soon as I turned my back they were eatin and I turned my back and I was eatin, and nobody had seen them since that day.
